PROFESSIONAL SUMMARY

Full Stack Developer (MERN) with hands-on experience building three end-to-end projects, including a full e-commerce platform with authentication, cart, and an admin panel. Completed a Full Stack MERN internship, where I worked with React.js, Node.js, Express.js, and MongoDB to build real-world features and integrate REST APIs. Skilled in developing responsive user interfaces, connecting frontend and backend applications, and deploying projects on Vercel, Render, and Netlify. Looking for an entry-level Full Stack or Frontend (React.js) Developer role where I can contribute, learn from experienced developers, and continue growing my skills.

TECHNICAL SKILLS
